

plantlogic

innovative products
for smart growers

40

Liter Round Pot

Ideal for substrate in high-stress environments

Plantlogic pots are designed to maximize drainage and oxygen uptake to support healthy roots and plant vigor.

Long Legs (3cm/1.18")

- Prevents root contact with soil.
- Prevents contact with pathogens.
- Improves drainage and root zone health.

Excellent Drainage & Root Ventilation

- Legs connected to edge holes breaks drainage surface tension eliminating saturated zone.
- Wide legs help prevent sinking into soft ground.
- 42 holes in center of pot allows oxygen uptake in the center of root mass.
- Pyramid base forces water to drain at the outside edges and minimizes wet zone.
- Drainage into high air flow area for root self-pruning.

Item #1308040
10.5 Gallons

Unique Stacking Design

Allows for compact stacking minimizing shipping cost.

- 7,620* pots per 20' container.
- 16,510* pots per 40' container.
- 19,500* pots per 40' HQ.

*Approximate pot quantity per container.
